Does Your Butter Taste Like Butter?

Or does it taste like onions, cheese, banana, or anything else which may have been near it in your refrigerator?

Food flavors and food odors do not mix in a

BOHN SYPHON REFRIGERATOR

With the Bohn Syphon System of rapid air circulation, moisture cannot condense except in the ice chamber. It is moisture condensing on the food in an ordinary refrigerator that causes odors and flavors to mix and food to spoil. The air in a Bohn Syphon Refrigerator is so dry that you can strike a match on the inside wall of the food chamber. You can leave soda crackers in a Bohn indefinitely and take them out crisp and crumbly.

Call and let us tell you about the world's best Refrigerator, and why it reduces your ice bills at the same time that it gives you perfect and sanitary refrigeration.

Why the Bohn Syphon Leads the World

The rapid air circulation produced by the "Syphon System" insures perfect ventilation and dry, clean, cold air, preventing impurities from air or ice settling upon the food.

The interior lining of one-piece, round-cornered, fused-steel porcelain is snowy white and practically indestructible.

The Bohn "Flaxinum" insulation is practically a non-conductor of heat or cold.

The exteriors are heavy, solid, selected oak, magnificently finished, or pure white porcelain or robin-blue porcelain. (The effect of a white porcelain Refrigerator in a kitchen with white porcelain range and table and tile walls is very beautiful). The hardware is heavy solid brass, nickel-plated.

The drain is in front, instantly removable and easily cleaned without removing the food.

Right now some of our finest models are marked at very low prices. We carry an immense stock of refrigerators at prices from \$25 up. Later delivery if desired.

SO MANY Americans have adopted the custom of selecting their wedding gifts at Ovington's that the very delivery records read like a calendar of New York's smartest weddings. The punctilio of weddings does not demand that the bride's choicest gifts come from Ovington's, but custom seems to have decreed it.

Each day your skin is changing

PERHAPS you have always felt that your skin was something you could not change.

You are mistaken; *your skin is what you make it.*

Every day it is changing in spite of you. Old skin continually dies, and new takes its place. By the right care you can make this new skin what you will.

FIND the right treatment for your special type of skin in the famous booklet "A Skin You Love to Touch" which is wrapped around every cake of Woodbury's Facial Soap.

Begin using this treatment tonight.

Within a week or ten days you can bring about a marked improvement in the clearness, smoothness, softness of your complexion.

USE Woodbury's regularly in your daily toilet to keep your skin in good condition. If used persistently, Woodbury's stimulates the pores and blood-vessels and gives the skin tissues firmness and tone.

A 25-cent cake of Woodbury's Facial Soap lasts a month or six weeks.
